**AGENCY DESCRIPTION:** Youth for Understanding (YFU) is one of the worlds largest and most respected international exchange programs. YFU exchanges American and international students in over 50 countries worldwide! If you love learning about new cultures and meeting people from different backgrounds, YFU wants to meet you! There are many different volunteer positions available through YFU, so whatever talents you have to contribute, there is a volunteer opportunity that is perfect for you.

**JOB DESCRIPTION:** If you would like to be a part of the International Student's experience in the US, you can help us to recruit and interview host families, provide support to students and host families during their time here, and coordinate successful orientations for our participants.

If you are interested in our Americans Overseas program (AO), you can help us recruit students to go overseas, interview students after they apply, help with pre-departure orientation, and help to coordinate AO alumni events.

These are only two areas to which volunteers can contribute. There are plenty of other tasks that need to be accomplished and we believe that there is a way for you to bring your experiences and individuality to our team!
